

# FR560RC Issue 5 Tungsten Halogen Variable Remote Control

The new FRANCIS FR PREMIUM range of variable speed Remote Controlled Searchlights incorporate the design features required to successfully operate searchlights in the most demanding product operating environments on land and sea. Francis Searchlights have redesigned and improved the remote controlled halogen Searchlight still further by adding full variable speed as a standard option at no extra cost. The FR560RC has excellent illumination characteristics, a powerful, focusable beam and is suitable for use on larger commercial vessels and as a bridge wing projector.
